PEGGY M. HATCH
SECRETARY

State of Louisiana

DEPARTMENT OF ENVIRONMENTAL QUALITY ENVIRONMENTAL SERVICES

MAR 01 2010

Mr. Steven W. Black
MeadWestvaco Corporation
400 Crosby Road
DeRidder, LA 70634

RE: MeadWestvaco Corporation
AI# 1514/PER20090002 - LAD010390599/LAD010390599-OP-1
Final Termination of the Hazardous Waste Operating Permit

Dear Mr. Black:

Enclosed is the final termination of the hazardous waste operating permit for MeadWestvaco Corporation. The draft decision to terminate the RCRA hazardous waste operating permit was public noticed on November 30, 2009. No public comments were received. All the RCRA units covered by the hazardous waste operating permit had been verified closed on April 15, 2009. Additionally, all corrective action requirements at the Meadwestvaco facility have been completed. Thus, the decision has been made to terminate the hazardous waste operating permit. This decision is effective upon issuance.

In accordance with Louisiana Revised Statute (La. R.S.) 30:2024, the Permittee may file with the Secretary a request for hearing no later than thirty (30) days after the notice of the action is served. Under La. R.S. 30:2050.21, any person aggrieved by a final permit action may appeal to the Nineteenth Judicial District Court within 30 days after the notice of the action has been given.

Please reference your Agency Interest Number 1514, Permit Activity Number PER20090002, EPA Identification Number LAD010390599, and Permit Number LAD010390599-OP-1 on all future correspondence pertaining to this issue. If you have any questions, please contact Mr. Will F. Steele of the Waste Permits Division at (225) 219-3050.

Sincerely,

A handwritten signature in black ink, appearing to read "CSonnier".

Cheryl Sonnier Nolan
Assistant Secretary

PUBLIC NOTICE
LOUISIANA DEPARTMENT OF ENVIRONMENTAL QUALITY (LDEQ)
MEADWESTVACO CORPORATION/SPECIALTY CHEMICALS DIVISION
FINAL HAZARDOUS WASTE PERMIT TERMINATION

The LDEQ, Office of Environmental Services, has made the decision to issue the final termination of the hazardous waste operating permit, LAD010390599-OP-1, for MeadWestvaco Corporation, 400 Crosby Road, DeRidder, LA 70634 for the Boilers 2 and 3. **The facility is located at 400 Crosby Road, DeRidder, Louisiana, Beauregard Parish.**

Under this termination of the hazardous waste operating permit, MeadWestvaco Corporation will no longer be subject to the specific requirements of the permit, LAD010390599-OP-1. MeadWestvaco Corporation has completed all the applicable closure and corrective action requirements. A draft decision to terminate the hazardous waste operating permit was public noticed on November 30, 2009, with no comments being received from the public or the permittee. Therefore, LDEQ terminates the hazardous waste operating permit, LAD010390599-OP-1.

The final permitting action and related documents are available for review and copying (all documents copied will be subject to a \$0.25 charge per copied page) at the LDEQ, Public Records Center, Room 127, 602 North 5th Street, Baton Rouge, LA. Viewing hours are from 8:00 a.m. to 4:30 p.m., Monday through Friday (except holidays). **The available information can also be accessed electronically on the Electronic Document Management System (EDMS) on the DEQ public website at www.deq.louisiana.gov.**

An additional copy of this action may be reviewed at NAME AND PHYSICAL ADDRESS OF LIBRARY OR OTHER REPOSITORY.

In accordance with Louisiana Revised Statutes (La R.S.) 30:2024, the Permittee may file with the secretary a request for a hearing no later than thirty (30) days after the notice of the action is served. Under La. R.S. 30:2050.21, any person aggrieved by a final permit action may appeal to the Nineteenth Judicial District Court within 30 days after the notice of the action has been given.

Previous notices have been published in the NAME OF NEWSPAPER on DAY, MONTH DATE, YEAR.

Inquiries or requests for additional information regarding this permit action, should be directed to Will F. Steele, LDEQ, Waste Permits Division, P.O. Box 4313, Baton Rouge, LA 70821-4313, phone (225) 219-3050.

Persons wishing to be included on the LDEQ permit public notice mailing list or for other public participation related questions should contact the Public Participation Group in writing at LDEQ, P.O. Box 4313, Baton Rouge, LA 70821-4313, by email at deqmaillistrequest@la.gov or contact the LDEQ Customer Service Center at (225) 219-LDEQ (219-5337).

Permit public notices including electronic access to the issued permit and associated information can be viewed at the LDEQ permits public notice webpage at www.deq.louisiana.gov/apps/pubNotice/default.asp and general information related to the public participation in permitting activities can be viewed at www.deq.louisiana.gov/portal/tabid/2198/Default.aspx

Alternatively, individuals may elect to receive the permit public notices via email by subscribing to the LDEQ permits public notice List Server at www.doa.louisiana.gov/oes/listservpage/ldeq_pn_listserv.htm

All correspondence should specify AI Number 1514, Permit Number LAD010390599-OP-1, and Activity Number PER20090002.

FINAL TERMINATION OF THE HAZARDOUS WASTE PERMIT

Facility Name: MeadWestvaco Corporation

Facility I.D. Numbers: Agency Interest No. 1514
LAD010390599-OP-1
PER20090002

Type of Facility: MeadWestvaco's DeRidder site operations consist of tall oil refining and post oil operations that include solution resonates and hard resin manufacturing. MeadWestvaco also has an acrylic resin manufacturing plant.

Affected Units: Boilers 2 and 3 which were verified closed on April 15, 2009

Location: 400 Crosby Road
DeRidder, LA 70634

Latitude 30° 49' 013" and Longitude 93° 17' 009"

Facility Contact: Steven W. Black, Environmental Engineer

After due consideration of the facts applicable to the facility as they appear in the administrative record, and the requirements expressed in the Louisiana Environmental Quality Act and applicable regulations, I hereby terminate the final Hazardous Waste Permit LAD010390599-OP-1.

This action constitutes a permit decision for the above named facility and will become effective on 01 March 2010.

Cheryl Sonnier Nolan, Assistant Secretary
Louisiana Department of Environmental Quality

Date

FACILITY SUMMARY

MeadWestvaco Corporation Final Termination Hazardous Waste Operating Permit LAD010390599-OP-1/AI1514

This package is the termination of the hazardous waste operating permit, LAD010390599-OP-1, held by MeadWestvaco Corporation for their DeRidder Facility. The hazardous waste operating permit was for the operation of two Boiler/Industrial Furnaces (BIFs), Boilers 2 and 3. Boilers 2 and 3 were clean closed on April 15, 2009.

The termination was public noticed for comment on November 30, 2009. The comment period has ended and no comments were received from either the permittee or the public.

Attached is the memorandum for remedy construction for corrective action. All corrective action obligations have been completed at the DeRidder Facility. Thus, RCRA requirements are no longer necessary at the DeRidder Facility.

Louisiana Department of Environmental Quality

INTEROFFICE MEMORANDUM

DATE: February 14, 2006

TO: Tom Harris, Administrator
Environmental Technology Division

FROM: Lewis Donlon, Geologist Supervisor
Geology Group 2, Environmental Technology Division

SUBJECT: **Documentation of achievement of facility-wide remedy selection (CA 400)
and remedy/remedy construction complete (CA 550)**

Facility name: Mead Westvaco South Carolina LLC – Specialty Chemicals
Division

LDEQ Agency Interest No.: 1514

EPA ID No.: LAD010390599

Authority: Voluntary Corrective Action

Based on a file review, remedies have been selected for all Solid Waste Management Units (SWMUS) units and areas of concern (AOCs) subject to RCRA/HSWA corrective action at **Mead Westvaco South Carolina LLC – Specialty Chemicals Division**. The RCRA milestone of facility-wide Remedy Decision (CA 400)¹ has been achieved, based on the approval of the proposed remedy at SWMU 5, Boiler Blowdown Pond, and SWMU 9, North Side Rosin Pit, on March 19, 2001. Remedies had previously been selected for all other SWMUs and AOCs subject to corrective action at the facility.

Based on site characterization activities, construction of physical remedies was not needed, and the milestone of facility-wide “No Remedy Construction Needed” (CA550NR)² has been met. This determination is based on the approval of no further action at SWMU 5, Boiler Blowdown Pond, and SWMU 9, North Side Rosin Pit, on March 19, 2001. Remedy decisions of no further action had been previously approved for all other SWMUs and AOCs subject to corrective action at the facility.

The units and AOCs considered in this evaluation are listed in the following tables.

LDEQ AI No. 1514
 February 14, 2006
 Page 2

Table 1. RFI Units and AOCs subject to Corrective Action

Name of RFI Unit or AOC subject to Corrective Action	Date of Approval of Remedy Decision ^{1,3}	Date of Approval of Remedy Construction/ Completion ^{2,3}
Boneyard AOC	June 24, 1999	June 24, 1999
Acrylics Area	June 4, 2000	June 4, 2000

Table 2. RCRA Regulated, Permitted Units subject to Corrective Action

Name of RCRA Regulated, Permitted Unit subject to Corrective Action	Date of Approval of Remedy Decision ^{1,3}	Date of Approval of Remedy Construction/ Completion ^{2,3}
SWMU 1, Raw Material Recovery Basin	June 24, 1999	June 24, 1999
SWMU 5, Boiler Blowdown Pond	March 19, 2001	March 19, 2001
SWMU 7, Barometric Pond	June 24, 1999	June 24, 1999
SWMU 8, South Side Rosin Pit	June 24, 1999	June 24, 1999
SWMU 9, North Side Rosin Pit	March 19, 2001	March 19, 2001
SWMU 16, Waste Oil Accumulation Area	June 24, 1999	June 24, 1999
SWMU 20, Wastewater Treatment Pond No. 1	June 24, 1999	June 24, 1999

To date, no additional units subject to corrective action requirements have been identified at the facility.

 Mr. David Vogler, US EPA Region 6
 Ms. Beth Scardina, LDEQ Permits Division
 Mr. Jim Courcier, LDEQ Environmental Technology Division
 Mr. Narendra Dave, LDEQ Environmental Technology Division
 Ms. Kristine Carter, LDEQ Environmental Technology Division

Notes:

¹ "The event when the state or EPA formally selects a remedy designed to meet RCRA Corrective Action long-term goals of protection of human health and the environment. This event code also applies when no further corrective action is required because stabilization measure(s) have already been implemented or because the site characterization has demonstrated the attainment of the long-term RCRA Corrective Action goals." See RCRAInfo Data Dictionary for complete event code definition. Public notice that a proposed remedy has been tentatively selected will precede formal approval where required. Each unit and AOC must have an approved remedy for this event code to apply facility-wide.

² "The event when the state or EPA acknowledges in writing that the RCRA facility has completed construction of a facility's remedy that was designed to achieve long-term protection of human health and the environment, and that the remedy is fully functional as designed, whether or not

LDEQ AI No. 1514

February 14, 2006

Page 3

final cleanup levels or other requirements have been achieved. Remedy construction may also acknowledge the event where no remedy is constructed.” See RCRAInfo Data Dictionary for complete event code definition. Each unit and AOC must have an approval of the remedy construction or approval of the decision that no physical construction is needed for this event code to apply facility-wide.

3 Date confirmed through LDEQ correspondence review.
